Re: Roberta L. Falke, Ph.D., Q.M.E.

Dear Dr. Friedman:

Thank you for giving us this opportunity to express our experience in working with Dr. Roberta L. Falke. As you may know, we retained Dr. Falke to help us in a very difficult case involving a young child who was severely traumatized. We required her expertise in not only evaluating our young client but to also assist us in preparing the case for trial.

Throughout the litigation, we found Dr. Falke to be very knowledgeable, accommodating, and quite at ease in her field. She responded thoroughly to all of our questions and presented the intricate psychological issues clearly and concisely. Her assistance enabled us to prepare for and arrantly cross-examine the opposing expert witnesses at the trial.

Because of her erudition and pleasant demeanor, Dr. Falke holds the jurors' attention during her testimony. She establishes an excellent rapport with the jury and displays an ability to present otherwise complicated issues clearly and succinctly.

To conclude, Dr. Falke is the consummate professional. We would not hesitate to seek her assistance when the opportunity again presents itself.

Should you have any questions, please call us.

Sincerely,
